Smart Start Strategic Plan:

- The team is focusing on Children in households that are food insecure: 13.4% in 2021. It is showing a decrease from 20.6% in 2019. There was concern that this may not be an accurate number as there were a lot of food resources available during COVID.
- The second data point the team wants to impact on Drug and medicine overdose rate as shown on the 2023 Roadmap of Need County Profile being 71.06%. It was mentioned that this can relate back to the food insecurity.

LICC Strategic Plan:

- Promote child find through events

Activities to Achieve Strategies:

- Educate families at events the team organizes (children's fair and cookies with Santa events) on foodbanks, income guidelines for eligibility, having the HOP coordinator at the events, and list of foodbanks.
- Educate on medicine by providing information on disposal, storage and use at events along with lock boxes and disposal kits.—provided at the Children's Fair
- Partner with Catholic Charities to organize a drive thru food distribution / resource fair (possibly at First Free Will Church) in spring of 2025.
